Amira Hesham Bahgat

Kafr El Sheikh, Egypt | amira.hesham.1@gmail.com | +20 109 688 1708 | github.com/Amiirahesham | Portfolio | linkedin.com/in/amiirahesham

Professional Summary

Passionate Front-End Developer with expertise in React.js and a strong foundation in building responsive, user-friendly web applications. Adept at translating UI/UX designs into high-performance applications using Tailwind CSS and Material-UI, with experience in creating immersive 3D web experiences with Three.js. Committed to writing clean, maintainable code to deliver exceptional user experiences.

Technical Skills

Languages: JavaScript, TypeScript, HTML5, CSS3, SQL, Python
Frameworks & Libraries: React.js, Three.js, Next.js, Bootstrap, Tailwind CSS, Material-UI, Redux
Tools & Technologies: Git, GitHub, VS Code, Postman, Jira, Docker, Kubernetes
Core Concepts: Responsive Design, Internationalization (i18n), RTL Support, 3D Web Graphics, Accessibility (WCAG)

Experience

React Frontend Web Developer Jun 2025 – Present
Digital Egypt Pioneers Initiative (DEPI)
- Develop and maintain responsive web applications using React, reinforcing core skills in HTML, CSS, and JavaScript.
- Implement containerization strategies for applications using Docker and Kubernetes to ensure scalability.
- Collaborate on a full-stack capstone project, integrating a React front-end with a Node.js back-end.

Internship Trainee May 2025 – Present
National Telecommunication Institute (NTI)
- Completed intensive training in modern software development methodologies and network fundamentals.
- Built and debugged hands-on projects, applying modern web technologies to solve practical problems.

Freelance Contributor Jan 2025 – May 2025
ITIDA Gigs
- Implemented front-end features for various client projects under expert mentorship.
- Delivered high-quality, client-oriented solutions within tight deadlines, enhancing agile development skills.

Internship Trainee Jun 2024 – Nov 2024
Digital Egypt Pioneers Initiative (DEPI)
- Completed a 6-month comprehensive training program covering full-stack web development principles.
- Constructed responsive websites and dashboards using modern front-end frameworks and libraries.
- Collaborated in team-based projects that simulated real-world tech company development cycles.

Projects

Smart Integrated University Portal System | Repository | Live Demo
- Developed a modern AI-powered university portal using React, TypeScript, Tailwind CSS, and Vite.
- Implemented multilingual support (Arabic/English), responsive UI, dashboards, authentication, and reusable components.
- Integrated an AI chatbot and optimized performance through code splitting and modern frontend architecture.

3D Interactive Developer Portfolio | Repository | Live Demo
- Designed and developed a modern 3D personal portfolio showcasing projects, technical skills, and achievements.
- Built interactive animations, responsive layouts, and optimized user experience.
- Focused on clean UI, performance optimization, and professional presentation.

Almalakia Pure Life | Repository | Live Demo
- Developed the official corporate website for Almalakia Pure Life, a premium UAE-based bottled water company.
- Built a modern, responsive user interface with reusable React components, multilingual support, and optimized performance.
- Focused on creating a clean user experience that effectively showcases the company's products, brand identity, and services across all devices.

FitU Physical Therapy Center Website | Repository | Live Demo
- Built a responsive healthcare website for a physical therapy center.
- Implemented appointment booking, service pages, and an accessible responsive interface.
- Enhanced user experience with modern frontend practices and optimized performance.

Responsive Admin Dashboard | Repository | Live Demo
- Developed a responsive React admin dashboard with charts, analytics, reusable components, and responsive layouts.
- Built modern dashboard interfaces for data visualization and management.
- Focused on maintainable architecture and smooth user interactions.

Education

B.Sc. in Artificial Intelligence Oct 2022 – Jun 2026
Faculty of Artificial Intelligence, Kafr El-Sheikh University
- Cumulative GPA: 3.8/4.0

Volunteer Experience

Volunteer Nov 2024 – Feb 2025
IEEE Kafrelshiekh Student Branch

- Organized and facilitated technical workshops and coding events for over 50 students.
- Mentored junior students in web development fundamentals, focusing on HTML, CSS, and JavaScript.

Volunteer Feb 2024 – Apr 2024
Microsoft Student Club - KFS

- Promoted Microsoft technologies through community events and information sessions.
- Assisted peers with developer tools, including Visual Studio Code, Git/GitHub, and Azure deployment.
